

Accessing your eBook

Log into your online classroom through the Learning Management System (LMS).

Go into your course module and locate the VitalSource eBook assigned to your class.

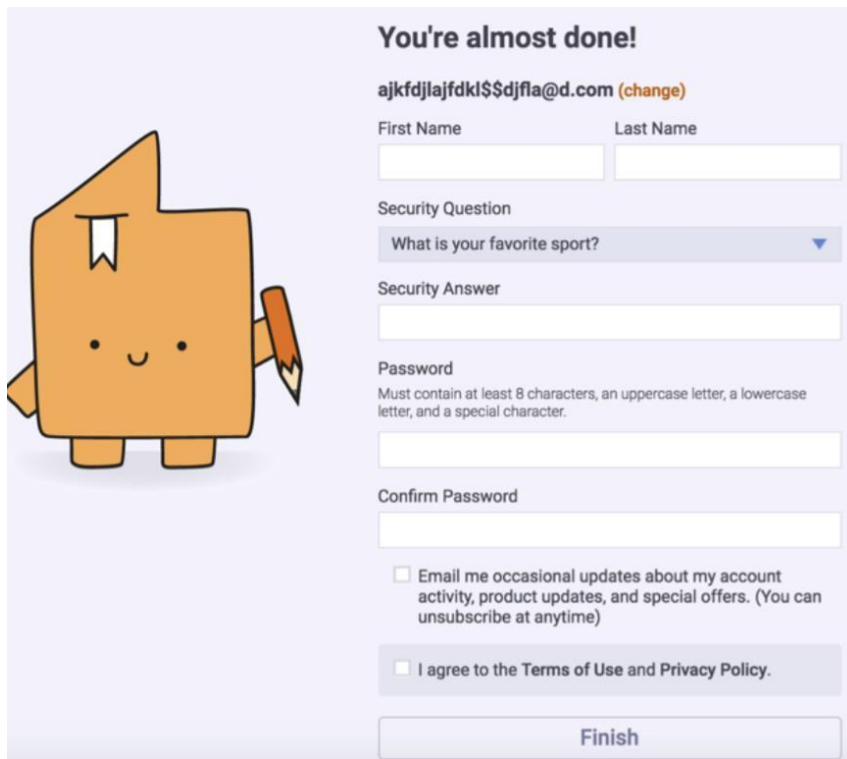

Click on the VitalSource eBook link and you will be taken to Bookshelf.

The first time you access a VitalSource eBook, you will be asked to type in your email address (students may use either a school email address or a personal email address. It is recommended that instructors use their school email address).

A screenshot of the Bookshelf welcome screen. On the left is an orange square with a white book icon. The main text reads 'Welcome to Bookshelf'. Below this is the instruction 'To begin, enter your email.' followed by an email input field and a blue 'Continue' button. Underneath, it says 'Entering your email allows you to' and shows two benefits: 'Read books offline with our mobile and desktop apps.' (with a mobile and desktop icon) and 'Share your notes and highlights with friends.' (with a group of people icon). At the bottom is a dark grey button that says 'No thanks, I'll skip this step.'

After typing in your email address, click Continue. If you already have an existing Bookshelf account, you will be asked to log in.

If you are a first time user of Bookshelf, you will be asked to finish creating your account

You're almost done!
